

U.S.S.N. 09/964,342  
Group Art Unit: 2834  
Examiner: Iraj A. Mohandesi

**REMARKS**

The Notice only objected to an inconsistency between the Brief Description Of The Drawings in the specification and the drawings originally filed in the application, which drawings did not include Fig. 13. This was corrected in the March 11, 2004 amendment by deleting the description on Fig. 13 in the Brief Description Of The Drawings.

Subsequently, it was noted that pages 1 and 2 of the specification also provided references to Fig. 13. These pages have been appropriately amended herein to remove those references.

If there should be any questions in connection with this amendment, the undersigned may be reached at his Alexandria, Virginia office at (703) 683-0500.

Respectfully submitted,
